HEALTH

**We say Thank You
for our continued
success!**

Since launching **Exemplar Health PDP** in Texas and North Carolina one month ago, we have grown to **over 2500 applications!** Thank you for helping spread the word about this to potential enrollees. Giving them an **option** to stay in the pharmacy of their choice is what **Exemplar Health PDP**

was built on. This means a tremendous opportunity for independent pharmacies to take back some of the ground that the big chain pharmacies and large corporate insurance companies have taken from us. Exemplar Network Pharmacies will not be charged a DIR fee from prescriptions filled in Exemplar Health PDP, and

beneficiaries will see lower co-pays in Exemplar Network pharmacies, allowing them to stay in the pharmacy that has taken care of them and knows them by name.

Many of your customers may have already received a notification that their current PDP coverage will change this year and they will no longer be able to use your independent pharmacy as a preferred pharmacy. Now is the time to introduce them to [Exemplar Health PDP](#) as an option for these customers to allow them to stay in your store as Preferred. HEALTH BENEFITS ADMINISTRATOR

EHBA - here we grow again!

From the EHBA Team:

We would like to give a BIG shout out in Welcoming our new clients! We truly appreciate the opportunity to service all our clients with their healthcare needs.

Exciting news on the horizon... we will soon be expanding our footprint with growing our team of dedicated licensed healthcare professional providers that work directly with our members to better improve their quality of health. These providers truly understand the need for targeted results. Stay tuned!

EHBA is investing in your healthcare needs!

Visit <https://www.exemplarhba.com> or call us at 855-826-EHBA (855-826-3422) to learn more.

Anchor Demonstrations

Contact your Account Manager today to schedule an Anchor demonstration to show you the benefits of Anchor Dashboard, a free tool from Exemplar to help bring more lives and better reimbursements to your pharmacy.

STAYING CONNECTED WITH THE NETWORK

TIPS FOR PHARMACY OWNERS

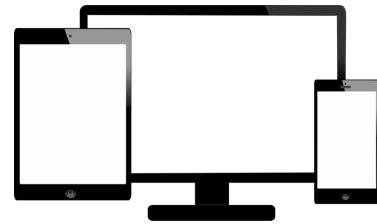

Exemplar is committed to helping the independent pharmacy and physician network. Here are some tips to ensure that you thrive in today's world and remain committed to your patients, as well as your surrounding communities for generations to come.
